

MAKE AN IMPACT IN PUBLIC HEALTH

Part-Time, 1-Year Position | \$8,600 Annual Living Stipend | Education Award or Cash Stipend

Environmental Health Project Coordinator (Based in Wichita, KS) Sedgwick County Health Department

Join our dedicated team and help coordinate and facilitate communication, data, and activities between the Sedgwick County Health Department, agencies and organizations, and community members related to environmental health concerns and projects.

Through this service position, an AmeriCorps for public Health member will coordinate environmental health projects, oversee communication, and provide administrative support.
